School Photo Day

Monday 1st May

Securing Success...

From the Deputy Headmaster...

Can you believe the final two weeks of term are upon us? - They are jam packed with events. The much loved Easter Fair, now in its 7th year, falls on the last day of term (Thursday April 6th). Word on the OAGS playground is that it is the 'best day of the year'. Please check your inboxes from last week for all the details. Parents are most welcome to join us from 11:30am to purchase a coffee from the van, collect your lunch order from the P&F stall and enjoy the atmosphere together. See a video of a previous Easter Fair [here](#).

Friday March 31st is another great opportunity for parents to join us at the OAGS Athletics carnival. Please check your inboxes for a letter with all the information and projected timings of events. Our Athletics Presentation Assembly to recognise age champions will happen before the end of term in week 11 (weather dependent).

For those students who enjoy slightly longer distance running, don't forget that the Cross Country Carnival will happen on the first Friday back in Term 2 (also weather dependent) so keep an eye out for finalised information in your inboxes over the next few weeks.

Families and students are likewise reminded that OAGS will march in the ANZAC Day March on April 25th. A note will be circulated in week 10 with all the finer details, but it's worth noting that while staff will be onsite for a Professional Development day on Monday 24th April, students do not return until Wednesday 26th April. Thus, the ANZAC march falls during the term break for students. I look forward to seeing as many of our students attend the March as possible to represent OAGS and honour our service men and women.

Blessings to you all.
Scott Hazelton
Deputy Headmaster

Easter

Easter is a great time of celebration - chocolate, family, long weekend! The best thing about Easter is the good news that Jesus came to save the world. Every day we see evidence that our world, and we, are in serious need of the type of help that only God can give. Don't miss out this Easter from hearing God's good news. Visit a church, like the ones below, or pick up a Bible and read through the accounts of Jesus life, death and resurrection. If you would like some help exploring Jesus more our chaplains are always available for a chat. Simply email chaplains@oags.nsw.edu.au

David Whittingham
Chaplaincy Coordinator

PRIMARY NEWS

Harmony Day

The Primary School celebrated Harmony Day on Wednesday 22nd March, recognising and appreciating the diverse backgrounds and cultures within our school community. Students were encouraged to wear clothing from another country or orange as the official colour of Harmony Week. It was wonderful to see a rainbow of colours in the playground and to hear the stories behind each student's chosen outfit.

Students completed "harmonious" activities in class and also contributed to the creation of a giant school Harmony Paper People Chain to represent our similarities and differences coming together as one community - the OAGS Primary School Community.

Primary School Reminder

As a "Nut Free" school, please remember that nuts and nut products are not to be sent to school for lunch or recess. We have students with life-threatening allergies to nuts which may be triggered by touch or airborne particles. Please check all food items prior to sending them to school to ensure that they do not contain any form of nuts, being particularly mindful of Nutella, peanut butter, muesli bars with nuts and trail mixes. Thank you for your support and understanding to ensure the safety of all of our students.

Mrs Jessica Willis
Director of Primary

Stage 2 Science

This term in Science, Stage 2 has been learning a lot about the lifecycle of a plant. Some of their learning has included:

- Growing a bean seed to observe the germination and growth process
- Dissecting a flower to examine the reproductive parts needed to aid pollination
- Completing a cross section of well known fruits and vegetables to identify and draw the seeds and parts of the produce

Below students can be seen documenting the timeline of bean seeds growth through detailed drawings. The Jack Jumpers loved being able to turn their observations of their own bean seed into a visual reminder of its growth. At the beginning of the term, we asked the question: Are seeds living or not living? When asked the same question again, it was encouraging to see students using the knowledge they had acquired to make an informed decision. Well done Stage 2!

Tim Herbert
Stage 2 Jack Jumpers

Portraits in Stage 3

Stage 3 has been extremely busy this term in the classroom. We have been doing a novel study on the book 'Wonder' in English and have incorporated the themes of 'Wonder' into some other subjects. In Art, we have been creating a variety of portraits and discovering that we are all wonders. One of our portraits required students to draw the other half of a picture of their faces. Some other portraits required students to draw a self-portrait and a line self portrait. Some classes have also created some abstract portraits. Well done Stage 3, you are all WONDERS!

Stephanie Harrison
Stage 3 Scorpions

SECONDARY NEWS

Y11 Physics - Preliminary Course students enjoying the beginning of 'boot camp'

The Physics Preliminary (Y11) and HSC (Y12) courses are intellectually stimulating, academically challenging, and very rewarding. I have been teaching Physics to Stage 6 students in NSW for ten years now, and each year I hear these sentiments from students. Though some students will select to study Physics with a particular purpose in mind (e.g. necessary prerequisite knowledge for an engineering degree at university), many take the course simply because they desire the conceptual challenges it offers.

Physics at OAGS enjoys a robust reputation and is on a strong growth trajectory in the coming years for the coming years.

'Boot camp' is the affectionate term I use to refer to the Physics Preliminary Course (Terms 1, 2, and 3 of Y11). Students are reassured that they will encounter challenges and frustrations as they are introduced to concepts and are taught new skills with which to solve unfamiliar types of problems. The reference to a military-style training environment is intended to convey the discipline necessary to achieve confidence and for students to anticipate – like new recruits – that though they may occasionally fall down in the mud, the most important thing is to get back up and continue with their training. (For the record, there is certainly no yelling or barking orders from me; please don't take the analogy literally!)

The photographs below are of Y11 students conducting guided first-hand investigations to verify some of the theoretical models they have been studying relating to static equilibrium and Newton's second law of motion.

If you, or your child, would like to know more about Physics at OAGS, please email me (dean.johnston@oags.nsw.edu.au). I'd be delighted to speak with you and answer your questions.

Mr Dean Johnston
Physics Teacher
Faculty Coordinator (Science & Mathematics)

Stage 6 Update - TEN4TEN Future Leaders Year 11 Leadership Dialogue

The TEN4TEN future leaders dialogue is a leadership development program run by Regional Development Australia Central West. It is a unique opportunity for ten specially chosen year 11 students to come together with ten community leaders for a fantastic two-way conversation and mentorship opportunity.

We are pleased to announce that three OAGS Year 11 students have been selected to take part in the program in 2023. They are **Luke Reed**, **Charlotte Roach** and **Alexandra Milne**.

"The TEN4TEN program was a fantastic opportunity to form connections with inspiring people in the community and build leadership skills to use in the school environment as well as everyday life."

Claudia Horan (2022 TEN4TEN participant and current OAGS School Captain)

Amongst the many opportunities the program offers are:

- Visits to both State and Federal Parliament Houses hosted by Members of Parliament Phil Donato and Andrew Gee
- Special events with keynote speakers
- Regular meetings with TEN4TEN mentors

The mentors are from a range of community, political, commercial and professional backgrounds and are excited to contribute to building the next generation of leaders in our community. More information on the program can be found [here](#).

Sydney University Regional Residential Program

One of the challenges of living in a regional centre, such as Orange, is that it can be harder to gain an experience of the universities that students may ultimately attend. To help improve access for aspiring regional students, the University of Sydney has set up a week-long regional residential program. This is an expense-paid program that receives many applicants each year.

Current OAGS Year 12 student **Olivia Hazelton-Berry** has been selected to attend the program in the upcoming holidays. Olivia is interested in a combined degree in Law and International Studies offered by the University. She hopes to gain further insight into her desired course and is excited to get a small taste of uni life.

Supported by current students and faculty staff, the residential program is an immersive experience and will give Olivia the opportunity to:

- participate in workshops and information sessions to plan and prepare for HSC studies,
- gain an experience of life as a University of Sydney student,
- meet and chat with current University of Sydney students
- do some sightseeing around Sydney!

Students are regularly emailed news of events and opportunities such as these and there are significant benefits in terms of refining their goals and inspiring their progress. This includes the JobJump Newsletter - a weekly careers news bulletin. Should any Year 11 or 12 student be seeking further opportunities in a particular field or at a particular institution I am available to meet and help them explore their options.

Mr Stephen Thompson
Pastoral Care Coordinator (Stage 6)

CREATIVE AND PERFORMING ARTS

Term 1 CAPA Showcase

Stage 5 and Stage 6 CAPA Students are busy preparing for the CAPA Elective Showcase, which will be held in the Media Centre on Monday evening the 3rd of April. Students will showcase their visual art works in the Thrive Centre at 5:30pm, followed by a Drama and Music Performance at 6pm in the Media Centre.

CAPA Showcases are a wonderful opportunity for students to showcase their class work to family and friends in a safe and supportive environment. Over time, this reduces performance anxiety and builds confidence and performance skills.

"I am forever grateful that I got some training in the theatre. It reduces performance anxiety." Julia Stiles

Rachel Crane
Drama Teacher

Term 1 Traditional Dance

Traditional Dance is a new dance class for 2023. The group are looking at and performing indigenous movement and dance. Beautiful flow and ebb of movement being displayed each week.

AG @OAGS

Contact sarah.eyb@oags.nsw.edu.au

UNSW Farm Safety Research

On Monday 13th March students from Year 7 participated in a project with researchers from the University of New South Wales. Through a grant from the Australian Government, researchers are designing a gamified educational tool for teenagers aimed at improving safety on farms and preventing unintentional injury. Our students participated via focus group discussions, sharing their thoughts around farm injury prevention and safety promotion.

Feedback from students will shape game development, and potentially experience testing of a game prototype prior to launch. Agriculture and computer studies teachers also participated in a teacher focus group to share their views around utility in the classroom. The game is expected to launch later this year.

Meat Chickens Arrive

The annual All Schools Royal Agricultural Society Meat Chickens Challenge has started with schools throughout the state receiving meat chickens on Tuesday 7th March. Students are vying for the honour of producing the best pair of male and female meat broilers at the Royal Easter Show. Weighing in at an average of 35 grams on day one, the birds gained an average of 148 grams in one week representing an average weight gain of 422 percent. Just imagine if that were you!!!!

The chickens are a key focus this term for Stage 5 Agriculture students who are studying the production of a chosen commodity from paddock to plate, or in this case the frying pan in Mrs Jewell's Year 7 Food Tech class! The Year 7 Mandatory Technology Agriculture class are also busy designing a housing unit suitable for the meat birds and their egg laying friends.

Emma and Eden Fleece Junior Judging at Regional Competition

Last week students from Years 7-10 competed in the Blayney Junior Judging and Assessment Day. OAGS fielded a team of 23 students and our standout performers were Year 10 student Emma Little and Year 7 student Eden Lyons. The girls not only won their age divisions in wool classing, but also both placed third in the meat sheep division of the competition. Extra congratulations must go to Emma with the overjudge remarking that she was in a league of her own and a standout in the oral section of the division.

Mrs Sarah Eyb
Ace Coordinator

STUDENT ADVOCACY

Access The Thrive

Exciting opportunities will be available for students from next week in The Thrive Centre.

The Centre will be open on Monday and Tuesday afternoons for **secondary students** from Years 7-12 to drop in and **Access** help with their studies between 3.30 and 5pm.

Every **Monday**, Mrs Kimmins will be available to help individual students with English, History and Geography and every **Tuesday**, Mr Johnston will be available to help with Maths and Science.

Students are invited to come for part or all of the session and work on homework or assessment tasks, knowing help will be available in English, Maths, Science and H.S.I.E if required.

Students who do not wish to access help, but would like to complete their homework are most welcome to attend.

There is no need, at this stage, to sign up for these sessions, just turn up.

The Learning Support staff will be available for **primary students** from Years 1-6 to **Access** every morning before school from 8.00am - 8.50am. Help will be either given individually or in small groups in Literacy and Numeracy. Sessions must be booked by parents and may be done so by emailing the writer.

Please contact me for further information or to discuss either opportunity.

Pauline Dwyer
Coordinator of Learning Support
pauline.dwyer@oags.nsw.edu.au

Volunteering Opportunities

Please can we ask if there are any OAGS community members that would like to volunteer in the classroom. Whether it be reading groups, art afternoons, or phonics fun. We're looking for mums, dads, aunts, uncles, nans and pops.

It's free to apply for a "Working with Children" Check and you'd be invaluable to our Learning Support Team.
[Click here to apply.](#)

Please contact the office if you have a current WWC and would like to offer your time.

SPORT @OAGS

OAGS Sporting Success So Far

The sporting students of OAGS have been busy this term representing us at a number of different sporting event this term. As of Wednesday, the follow students have been selected to represent in the given sporting event with three more representative opportunities occurring in the coming days.

| Western Associated Schools (WAS) | Students |
|--|---|
| Basketball | Michael Berndt, Andrew Ingham & Sean Antonio |
| Touch | Ruby Devries, Milla Jurd,, Miley O'Brien, Scarlett Petty, Elyse Stringer, Lachlan Kostics, Joshua Blackwell, Rowdy Roberts, Charli Hunter, Marley Ash, Harry Brown & Isaac Clarke |
| Swimming | Lachlan Thompson, Jack Thompson, Joel Springer, Poppy Kay, Oliver Thompson, Grace Lingier, Calai Bunworth and Luke Brown. |
| Heads of Independent Co-Educational Schools (HICES) | |
| Football (Soccer) | Patrick Blair & Samuel Butt |
| Basketball | Jovi Birikn |
| Association of Independent Co-Educational Schools (AICES) | |
| Touch Football | Lucy Martin, Jocelyn Blair & Isabelle Waters |
| Combined Independent Schools (CIS) | |
| Softball (Secondary) | Michael Berndt & Kayne Birkin |
| Swimming (Primary) | Ruben Oxenburgh & Emily McGreal |

Sport Continued...

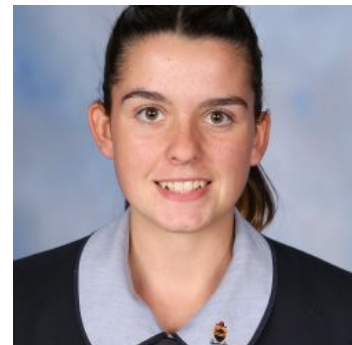

Touch Football @ OAGS

There has been some big news at Orange Anglican Grammar School when it comes to touch football with some of our students reaching high achievements. 3 weeks ago our very own U15 OAGS Warriors girls came from 5th place to finish runners up in the local competition in what could have gone either way with the score finishing 5:4 to the undefeated team.

Charli Hunter and Isla Stringer directed the team well with some clever plays in the teams midfield. Links Elyse Stringer, Sarah Patterson and Jocelyn Blair put their speed to good use and made for good momentum. Quality finishers out wide on the wing were Josie Fuller, Ruby DeVries, Tiari Delaney and Scarlett Petty. A big thank you to Manager Claire Blair for helping the team be in the position they worked so hard to get to.

Last Tuesday, 15 of Orange Anglican Grammar Schools best Touch players braved the chilly early start, thunderstorms and heavy rain to represent the Western Associate Schools (WAS) along with their teammates from Macquarie Anglican Grammar School and Kinross Wolaroi School. In the U15 boys our very young group of Year 7 boys Josh Blackwell, Lachlan Kostich and Rowdy Roberts made up for what they lacked in age with confidence and impressive skills. The majority of the U15 WAS girlsteam were Orange Anglican Grammar School players Jocelyn Blair, Ruby Devries, Milla Jurd, Lucy Martin, Miley O'Brien, Scarlett Petty, Elyse Stringer and Izzy Waters. These girls put on such a great performance that the selectors came back to watch a second game but this time they signed up Jocelyn, Lucy and Izzy (see photos below) who are to go on to represent the U15 AICES team competing at the CIS carnival.

Our year 10 boys Marley Ash, Harry Brown and Isaac Clarke stepped up into the U18 competition and won most of their games on the day. Finally our sole Senior Girls player was Charli Hunter. WAS didn't get enough senior girls so Charli played with another regional team, SASSA (Southern Coast), and played well, setting up and scoring tries all day. Only one other player from the WAS team, an U15 Macquarie Anglican Grammar School boy, made the AICES team and a Shadow player was selected from Kinross Wolaroi School. The Suns Regional Touch Teams recently held their Team trial day. Orange Grammar School represented well with trio Lucy Martin, Quincy Roberts and Izzy Waters all getting a start in different age groups. Well done to you all, you represented well and the Orange Anglican Grammar School community is very proud of you.

Mr Doyle

OAGS & WAS U15 girls Touch Football Coach

Sport Continued...

Rugby's Back at OAGS

Over the past two weeks Orange Anglican Grammar School has been competing in the Jakiya Whitfeld Cup in the U14, U16 and U18 age groups. Last year OAGS made it to the Grand Finals and finished runners up in the U14 and took the title in the U16 game. The competition has stepped up a lot this year and the other schools have improved noticeably. Even with low numbers and players playing 4 games in a row OAGS has shown it is worthy of repeating what we did last year.

There are some familiar faces returning from last year and some new ones who have learned the game quickly. Unfortunately no Year 7 girls put their hand up to represent Orange Anglican Grammar School this year but that didn't worry our youngest in the team, Year 6 Quincy Roberts and Orange Vipers superstar who scored a hat trick in her first two games, earned the coaches award and the respect of her teammates who voted her players player. Megan Krauth has added some much needed strength to the team with Cherry Kaipu's absence filled. Megan has no off switch and runs all day long, even choosing to do more hill sprints after training at home! Elke Watts shows how good a wrestler she is going head first into any challenge and establishing a dominant presence. Imogen Anagnostaras is one of our speedsters and a natural athlete in other sports such as touch, league tag and soccer. Elyse Stringer has shown why she proudly wears the Captain's armband scoring an incredible 10 tries in 2 weeks! Even securing a try from the scrum in the U16 game playing halfback which led her to earn coaches award and the players player award in the second week. Scarlett Petty has always committed to her team, training hard and reproducing this on the field-one of OAGS fittest athletes. Kylis Delaney returned last week and has shown her consistency in both U14 and U16 powering through to the tryline and earning the coaches award. Ava King the silent assassin who packs a real punch when defending. Out of their 4 games the U14s have had 1 win against KWS 3rds, 1 draw against MacKillop College and 2 losses to Kinross Wolaroi School 1 & 2.

The U16 girls have had a huge shuffle in both rounds of the competition. Bridget Watts has stepped up to play in the U18 team and despite being hesitant at first it was hard to drag her off the field after the final whistle, a natural competitor and the black belt background comes in handy. Her teammates noticed this to vote her as player's player. Sarah Patterson loves her footy and shows how committed she is in defence with strong tackles, unfortunately combining with Emily which led to a head clash. Emily Brindley winds up from the back fence with some metre eater runs getting her team into try scoring opportunities, Lucy Martin Captained the team the first week and was just as effective in defence as she was in attack being a real threat allowing her to share the players player award. Josie Fuller has improved so much and developed in confidence that she has shared the leadership and become co-captain. With no rest going straight into the U18's to be one of their best try scorers and sharing the coaches award. Candice Namenda is very handy around the ruck area in attack supporting her teammates well. Leah Phiri is a great counter attacker and is in the right sport all the time positioning herself well. Tiari Delaney's solid defence in the U16 and U18 competitions luckily hasn't changed and helps change the flow of the game making the game shift back in our favour. Sharing the co-Captaincy is the ever reliable Hannah Flynn unlucky not to score off a chip kick in the U18 game last week Hannah is very encouraging in her words to others and more so in her actions often showing leadership to others. Hannah shared the coaches award. Isla Stringer made an impact as soon as she got her hands on the ball, much to the delight of her teammates who voted her as player player in the second round of the competition and she received the coaches award in the U18 competition. When Isla starts heading towards the corner you know the points are going to start

Sport Continued...

racking up, her never say die attitude and skillful ability is a game changer to any team she is a part of. The U16's team have come close but are yet to have a win, but with the pressure off them, big improvements and returning players I believe that this will change and a win is on the cards. A draw and a loss to Mackillop and despite winning at halftime with only 6 players/no substitutes Kinross Wolaroi have come back to beat them twice.

The most successful side is our U18 team with two strong wins against Mackillop, and the both times they played Scots All Saints College they ended up with a loss. The team is lacking in numbers but thanks to so much depth in the U16 team they get support from their younger players. Captain Tomika Frankham is fearless and brings the intensity to the next level throughout the game. Tomika's teammates noticed this and voted her as player's player in the first round. Grace Stringer team-lifting runs, that often lead to points, is matched by her defence. Last week another school's gazebo too close to the field was damaged after a defender found herself tackled into it. Grace has been an integral part of the team and received both the coaches award and the players player award over the 2 weeks of competitions. Anna Nowland is one of the new faces in the squad and her tough West Wyalong Mallee Chicks Rugby League background came in handy as she played her first games of rugby union. She always goes the extra mile at training and on the field standing side by side with her teammates. Xan Milne would run the mile well under 4 minutes! This player is dynamite and the Cargo Blue Heelers are lucky to have a speedster pocket rocket who's not afraid to put her body in harm's way no matter how big the opposition are. Liv Hazelton Berry is the elusive and agile twinkle toes of the team darting back and forth and spinning out of tackles leaving the opposition confused as to how to stop her or where she is going to run-Liv has come painfully close to scoring multiple times. Elli Wilson was the general in round 1 commanding her troops around the field and communicating instructions in attack, a real thinker of the team.

There are 2 more rounds left of the Jakiya Whitfeld Cup and I'd encourage everybody to come and support our brave and talented players from the sideline. A big thank you goes to Mr Watts for helping out with the U14 girls.

P12 - Music Room

252 ARMY CADETS UNIT

17-19 March Bivouac – Marrangaroo Army Camp (Lithgow)

The weather was completely different this year (very warm) compared to 2022 when we were there in July. Field training was conducted to practise many of the theory lessons from Mondays – bushcraft, campsite selection, radio procedure, command post operations, night piquets, first aid scenarios. There were other cadets from Lithgow, Dubbo, and Dee Why (Sydney northern Beaches) also in the area. We returned tired but Thank you to our adult volunteers LT Russell Player, 2LT Linda McGoldrick, 2LT Peter McGoldrick, Mrs Ann McAlister, Mr Nigel Coutts, Mr Brynn Player and Mr Sam Chan for giving up their weekend so this activity could proceed.

1-2 April Recruit Bivouac - OAGS

This event is overnight at OAGS commencing at 0830h Saturday and ends at 1100h Sunday. Uniforms will be issued and recruits will learn many new skills plus learn how to prepare ration pack meals. A detailed Information sheet and consent notes have been handed out on Mondays. Attendance is essential to complete many of the governance lessons and other training that allow recruits to graduate after attendance at Anzac Day and qualify to wear the Australian National Flag on their uniform.

Important Dates - No Monday Parades during OAGS School Holiday break

| | |
|------------------|--|
| 1-2 Apr | Recruit Induction weekend & Uniform Issue - (Recruits & Rank) overnight sleepover |

Chess Club

Chess club numbers continue to grow as many spectators drop in to see their friends play.

Master Class – Wednesdays 3.30-4.30pm. The aim is for interested players to learn the more advanced skills and strategies plus set piece opening and defensive moves.

NSW Secondary Schools Country Championship (Western Region) – Our Round 1 match against Molong has been won on forfeit so we await results of other matches to determine our Round 2 opponents early next term. Team selection remains very difficult as Archie Casey, Rohan Mittal, Charlotte Johnstone, Liam Nyers-Saunders, Rebecca Kemp, Oliver Inman and Mykayla Hazelton continue to turn the tables on each other as they play on Thursdays.
