Securing Success...

From the Deputy Headmaster...

'I have learned over the years that when one's mind is made up, this diminishes fear; knowing what must be done does away with fear'.

Rosa Parks

It's not always easy to 'know what must be done'. If Rosa Parks is right (and I posit that she is), then whether or not it's easy is not the issue. The issue is more about the quest for discernment in times of uncertainty.

To discern what is right brings the ability to have 'one's mind made up' which, according to our author, first diminishes fear, and ultimately 'does away' with it.

At OAGS we have demonstrated a clear minded approach to tackle the 'fear' of what school may look like in 2022. We are both grateful for the expert advice from the governing authorities that guide our daily operations *and* for the support that you have shown as families during these first 5 weeks of term. As we have actioned the various management strategies to combat the challenge of Omicron, we have pulled together as a community and achieved great things already this year.

I'd like to acknowledge the hard-working staff of both Stage 2 and Stage 3 who have already undertaken outdoor education camps this term. Stage 2 students relished the opportunity to return to Burrendong Dam for 3 days while Stage 3 enjoyed their first ever trip to Vision Valley for a full week of outdoor fun and adventure. You will see both camp reports later in this edition of the newsletter.

Despite it only being February, our planning for the Winter sports season is well underway and I encourage all families to check their inbox for an email which will guide you through the process of signing up for Soccer, Netball, Basketball and Hockey. I remind all families that meeting the deadline for these sign ups is critically important. As OAGS places our teams in the various town competitions, we need to have our numbers finalised by the deadline to enable us to form our teams and submit them in time for the draws to be produced. Late entries are almost impossible to accommodate. I'd like to also lean on you as parents to consider assisting with coaching a team this year. It is a tremendously rewarding experience. In short, our sustained growth over many years means that we have more and more teams which require more and more coaches. Please do seriously consider whether or not you can serve our community in this way and contact sport@oags.nsw.edu.au if you can assist.

The Year 11 Commencement Dinner is fast approaching in week 6 and I am delighted to announce that our keynote speaker for the evening is 2021 graduate and DUX, Adelaide Webster.

Adelaide will be returning from University in Sydney to deliver her address to Year 11 and their families at this event and we look forward to welcoming her back to campus as an alumni.
Blessings all for the weekend ahead.

Mr Scott Hazelton
Deputy Headmaster

Early Learning - Kindergarten and Prep Welcome Picnic

It was great to see so many families join us and enjoy a sunny afternoon at the annual Kindergarten and Prep Welcome Picnic. As a school we value strong partnerships with families, as we know this provides the best outcome for the children, and being able to get together in a relaxed social setting is a great way for new and continuing families to meet their child's teachers, as well as to connect with other families. It was a lovely end to our third week together.

Charlie and the Chocolate Factory Information Night and Auditions

All students and parents from Stage 3 and up should have received a letter containing details about the Charlie and the Chocolate Factory information night and auditions.

If you are interested in being a part of the cast, it is vital you attend the information night, at 5:30pm on the **1st of March**. A sign up sheet for auditions will be available at the information night, and afterwards located outside of H7 until the 14th of March. The information night will provide information about the rehearsals, commitment required, communication and audition process.

Auditions will be held on Tuesday 22nd March from 3:30-6:30pm and Friday 25th from 3:30pm-6:30pm. The Tuesday auditions will be a workshop based audition, and the Friday auditions will be individual, using what you have learnt at the workshop. Interested students must attend both audition days to be considered for the cast. Further information will be outlined at the information night, and the audition pack which is available on the night.

Any questions concerning the musical, please contact me via email kyle.palmer@oags.nsw.edu.au

Mr Kyle Palmer - Producer Charlie and the Chocolate Factory

Stage 2 camp

It was a very exciting start to the year for our Stage 2 students as we headed to Lake Burrendong for our whole Stage camp.

We were welcomed to camp with beautiful weather and 90 very excited Stage 2 students and teachers.

Across the 3 days the students participated in a range of activities that not only allowed them to build connections with each other but also confidence in their growing independence levels and resilience.

Students threw themselves into a raft build challenge, working in teams to see who could create a raft that would not only float, but be the fastest in a race when placed in the pool. This challenge showed strong teamwork and communication skills, and great sportsmanship by all.

A firm favourite activity with students was the giant slip and slide, with students discussing who could make it down the slide the fastest or which teacher made it the furthest without rolling off the slide.

Students and teachers were split into teams for a water balloon showdown, with team-colored face paint and a lot of team spirit and camaraderie - this was a great way to spend an afternoon developing teamwork skills, strategic planning, and a whole lot of laughs.

Being able to experience the beauty of Lake Burrendong through canoeing was another fantastic aspect of camp. Playing games on the water, learning how to raft up and seeing who could paddle the fastest created an afternoon of many smiles amongst our students. This was a chance to take the time to learn more about Lake Burrendong, the kinds of animals that live in and around the lake and for many students, canoeing for the first time.

For some students this was their first experience of being away from the comfort of their own bed, mum and dad and the support that comes with this familiarity. Stage 2 showed ever growing independence during this camp and participated fully in each activity and embraced the entire camp experience. On the bus ride back to school many students were already discussing what they hope they can do for next year's camp, and how much they didn't want to leave camp!

252ACU

ARMY CADET UNIT

Recruiting. It has been encouraging to see 42 new students attend on Monday 14 Feb and almost the same number on 21Feb. Many of them are in the process of registering as an Army cadet. Please note that until the cadetnet online application process has been completed they are not officially on the books or part of the AAC program. As our numbers now far exceed our Authorised Establishment, next Monday 28 Feb will be the last opportunity to attend (until our next recruit intake in Term 3) unless the online application process has commenced.

Fees. OAGS Parents have the option of having the Cadet Fee (\$150 one off payment on joining) and the Term fee (currently \$60) added to their school account. Alternatively you can pay (like non-OAGS families) directly into the 252 ACU account by EFTPOS or credit card on a Monday afternoon. Banking details of the account can be supplied on request.

Return of Clothing. We have been advised that the Army is unable to supply more DPCU uniforms as they are no longer being manufactured due to the planned changeover to the AMCU uniform. This fact coupled with our large recruit numbers make it urgent that students who have left the cadet program return their clothing and equipment asap to allow us to clothe the students who want to be members of the cadet program.

Bivouac 4-6 March (Marrangaroo Army Camp - Lithgow). This is for pre 2022 cadets only. Consent notes must be returned by 28Feb to allow transport to be booked.

2-3 April Recruit Induction & Biv. New recruits will be issued uniforms and receive training on radios, fieldcraft, cook and eat ration packs, plus camp overnight at school in tents and hutchies. More details will be provided in the coming weeks.

Adult helpers. For 252 ACU to continue to accept all the students that wish to experience the Army cadet program we need more adults to help. AAC policy requires 1 new adult staff for every 20 cadets. Currently we are 18 cadets over our approved ceiling (without including new recruits). I am unable to gain approval to further enlarge without more adult helpers. Unfortunately due to my impending retirement from the ADF (and therefore loss of my position on the NSW AAC HQ), I will no longer be able to "shield" 252 ACU from this staffing policy. It would be very disappointing if we were forced to turn away interested students due to insufficient adult staff. Adult helpers do not need to be parents of cadets or have any prior cadet or military knowledge or experience. If you or anyone you know can help, please contact me.

CAPT (AAC) Terry Nye
Officer Commanding

CHES

Students are slowly getting back into the routine of coming along on Thursdays at morning break to play friendly games and improve their skills. It was necessary to change the Rooms to C4 and C5 so we could have 2 rooms together. This was due to larger numbers, being able to separate Primary and Secondary and to make supervision easier.

2022 NSW Secondary Schools Country Championships (Western Region) Knockout Competition. The draw for Round 1 has arrived (we are matched against Orange HS) as we commence our campaign to retain the 2021 Premiership. This year there are 15 schools in the draw which is 5 more than previous years.

MAster Class. We are investigating the possibility of introducing a Master Class for selected players (High School and Stage 3) to better prepare them for competition. More details in the next Newsletter.

Mr Terry Nye
Chess Coordinator

Year 12 GRIP Leadership Conference

On Friday 11th of February our blurry-eyed Secondary School Student Leaders boarded the school bus at 6:30 am. These students were heading off to Dubbo to attend the GRIP Leadership Conference. The conference was attended by schools right across the Central West region and is one of many conferences the GRIP team will run across Australia this year. The day provided students with the rare opportunity to mix with other like minded student leaders. It was a great event and consisted of practical and interactive sessions covering topics like - Making Meetings Effective; Effective House Leadership and Leading with Engaging Speeches. The students found this an inspiring experience even if they were a little weary when they arrived back at school. We look forward to seeing the great things these students will achieve in their tenure as student leaders at OAGS.

Mr Tim Brown
Director of Secondary

Primary Pastoral Care - Our New Referral Process

Proverbs provide wonderful wisdom for living out general principles for life. In the Bible we find that Proverbs 22:6 says, "**Train a child in the way s/he should go and when s/he is old s/he will not depart from it.**" While this is not a promise, this principle offers us all great wisdom as we raise children in the partnership of home and school.

Through our pastoral care of students at school, **we put an emphasis on training the character** of children, which is shown in the outworkings of their behaviour. As one small part of this training, we have implemented a **new referral system of behaviour** that seeks to both **celebrate behaviours** that come from character strength, **and correct behaviour** that comes from character traits that still need refining. The Bible's wisdom informs us that we all make mistakes at times but that we all have great value and strength despite our failings.

This week, our new referral system has been explained to students **so that our expectations are clear**. Clear expectations are an important factor in effective learning. We believe that it is important for you as parents and carers to understand it too, as it will assist you in understanding various referral processes that your child might experience here at school. You may be contacted at any point along the referral process as we are strong believers in keeping communication lines open as we partner in raising children to be the best they can be.

Our model seeks to give a general overview of our system and to give a guide to our school community about examples of behaviour at each stage. It does not (and cannot!) be specific about every type of behaviour in every context. The model can be viewed via [this link](#).

Kate Bracks

Pastoral Care Coordinator (Primary)

Stage 3 Camp - Vision Valley

Last Monday, 14th February, Stage 3 eagerly met at school bright and early ready to set off on an adventure to Vision Valley. Buses were boarded and the adventure began with a long bus drive to Arcadia. On arrival we were greeted by our instructors and fed a delicious lunch. Students were then broken into 4 groups; yellow wallabies, red snakes, blue lyrebirds and green snakes and set out on their first activity of camp.

Each group was led by an instructor who made sure that we were having fun. Over the course of the camp students participated in the following activities: bushwalking & damper cooking, canoeing, cave art, archery, vertical challenge, raft building, initiatives, orienteering, abseiling, egg drop challenge, rock climbing, mountain biking and crate challenge.

With the warm weather at Vision Valley, a favourite was the water slide and pool each afternoon, with some of the teachers joining in the fun! The fun didn't stop at night time, with the instructors hosting nightly activities such as mini olympics, trivia and a movie night.

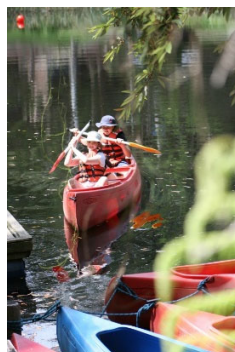

Our final activity on Friday morning was the *All Star Adventure Challenge*. It was group versus group in a race around the campsite. Each group had to work together to complete a series of challenges based on the skills we had used throughout the week. It was a close race, but the Yellow Wallabies were victorious!

While this is only a brief summary of what Stage 3 completed on camp, there were so many memories made for both staff and students. It was amazing to see these young adults grow throughout the week. As their teacher, my highlight was not joining in the activities, but watching each student overcome their own challenges, showing kindness and compassion to their peers, the encouragement they gave, the maturity shown and the fun and joy they brought to their instructors and teachers.

Miss Stephanie Harrison
Stage 3 Teacher

SPORT @ OAGS

Stop the Press! **Lucy Martin** has made it into the Suns Regional Touch Squad! This is an amazing effort by Lucy and we wish her all the best as she attends her last trial this weekend to see if she can make it into the Under 14's Girls team.

Primary School is busy using their sports time to get ready for the upcoming Athletics Carnival in Week 11. Year 1 to Year 6 are learning the correct techniques of Shot put, Long jump, Discus, Relays, Starts as well as High Jump. To assist in their learning and the development of the Athletics program Jeremy Wallace from RPT Health Group will be helping deliver the program. Jeremy is an Athletics coach to a number of our current Secondary Students and has helped them to reach extraordinary levels in the Athletics world.

Winter Sport Nominations went out via email last week and there has been great interest in the sports we are offering this season. Soccer is ever popular as is Netball. While newer on the OAGS co-curricular scene Hockey and Basketball has seen significant growth in the past year and broadening the range of sports available to students. The Sports Team are seeking Coaches and Managers for the teams we will field. If you have a talent in a sport and would like to share your passion even if your child doesn't play that sport we would love to hear from you!

Nomination forms can be completed via the links below. Please refer to the contact details for the staff managing each sport if you have any questions or concerns regarding the respective sport option:

- [Netball Nomination](#) Miss Stephanie Harrison stephanie.harrison@oags.nsw.edu.au
- [Soccer Nomination](#) Mr Chris Doyle christopher.doyle@oags.nsw.edu.au
- [Hockey Nomination](#) Mrs Amanda Jewell amanda.jewell@oags.nsw.edu.au
- [Basketball Nomination](#) Mrs Erin Purvis erin.purvis@oags.nsw.edu.au

Nominations close on Friday 4th March, once closed any late nominations will be added to sport waitlists.

If you have a child who is excelling in a Sporting area please let me know as I would love to be able to assist in their development and progression at OAGS. Please send emails to dominique.hutchinson@oags.nsw.edu.au

Dominique Hutchinson
Head of K-12 Sport

ORANGE ANGLICAN GRAMMAR SCHOOL

OAGS 15'S FIRST NETBALL TRIALS

TUESDAY 1ST MARCH 2022
3.30PM - 4.30PM
THE HANGAR, OAGS

All interested students who are 15 years and under in Secondary are invited to trial for a position on the OAGS 15's First Netball team. This team will represent OAGS in the local competition, WAS and other representative carnivals.

Please check your emails for further information.

ORANGE ANGLICAN GRAMMAR

We're looking for.. 15's First Netball Coach

We are seeking expressions of interest for an experienced Netball Coach for our 15's First Representative team.

If you have a passion for netball, solid coaching experience and with a team oriented approach to a school sports program

We want to hear from you!

Expressions of Interest sport@oags.nsw.edu.au

Suitably qualified applicants may attract a remunerative package on negotiation

COACHING 2022 WINTER SPORTS

Netball - Soccer - Basketball - Hockey

We know that we have a number of talented parents and community members at OAGS who have sporting skills we would love to tap into.

Currently we are seeking coaches & managers for our Winter Sport Season.

Please email dominique.hutchinson@oags.nsw.edu.au with any questions, or if you or someone you know would be interested.

Food Focus

In a first for OAGS, a group of Year 11 students are studying Food Technology as part of their HSC. This amazing class has been busy at work studying the Historical Changes of food availability in Australia, with a particular focus on food equity and the impact of migration on our current food choices and availability. As part of the course, students are required to plan, prepare and present a range of dishes which reflect the study topics. Last week, as part of studying the topic 'staple foods around the world' the students were allocated a staple food product and had to research where the product originated from and where it is commonly used today. They were also required to plan, prepare and present a dish using this ingredient. The group produced some wonderful dishes such as Cassava Mozzarella Balls (Brazil), fresh tortillas made from maize (Mexico), and flour and sorghum pancakes (Sudan). This week, the class focused on Native Australian produce and Bush Tucker. They were tasked with infusing Indigenous ingredients into contemporary Australian cuisine. Students planned, prepared and presented a range of dishes including Kangaroo and Mango Curry with Macadamia flat bread, Kangaroo meatballs with Bush tomato relish and lemon myrtle melting moments. Next week, students will be preparing historical dishes which represent their heritage with the task of plating the dishes for the modern Australian family.

Amanda Jewell Food Technology

Music

New Piano Tutor

We are pleased to welcome Mr Luke Moxey to our growing list of piano teachers.

Luke, originally from Orange, undertook a Bachelor of Music Performance at the University of Queensland, during this time Luke won the University of Queensland Medal for Excellence. He has performed in the Central West on several occasions, including Liszt's Piano Concerto No. 1 with Macquarie Philharmonic Orchestra as the winner of the 2019 Camplin Prize. Over the last five years Luke taught piano at Sydney Grammar School and worked regularly as an accompanist in Sydney.

COVID-19 & Music Lessons

Students isolating due to Covid may still be able to have music lessons via Zoom, just as occurred during the lockdown periods. If your child has a scheduled music lesson that they cannot attend, please contact your tutor to find out if a Zoom lesson is possible. This will be at the discretion of the tutor.

Music Ensembles

Most of the music ensembles at OAGS are up and running now. Thank you to all students and parents for your patience while these groups were being established.

- We now have three Rock Bands with a new 'middle group' commencing on Mondays
- Beginner Band will start next week for all students who have commenced in the Beginner Band programme (an email message will be sent to the families of students involved early next week)

Opportunities still available

It is not too late if your child is interested in starting up on a wind or brass instrument. We still have places available for trumpet, clarinet flute and trombone. Please contact Mr Annett (noel.annett@oags.nsw.edu.au) if you have any questions.

Drama

The year has started with students in stage 5 and 6 developing their performance and playbuilding skills, with stage 5 developing their own Individual Performance from scripted drama and year 11 playbuilding a group devised performance. Students in stage 5 and 6 Elective Drama will be performing for a public audience on Tuesday the 29th of March at 5:30pm in the Media Centre, please come along and support our budding actors.

We have settled into our new performance space and are enjoying the flexible seating, stage lighting and abundance of props and costumes available to us.

Stage 4 Drama Club starts next week. All students in year 7 and 8 are invited to join. Drama Club runs on Tuesday during afternoon break in C8 (Drama room).

Dance

Secondary Dance started up this week with a large group of enthusiastic dancers in year 7 joining the dance program for the first time. It is always encouraging to see the vast array of creative and talented dancers, sharing their passion with the OAGS community.

Congratulations to those students who successfully auditioned for the OAGS Dance Company. Students in OAGS Company will be rehearsing on Tuesday mornings to develop a new dance work for 2022.

The year 7 and 8 Secondary Dance Group also started this week during Tuesday morning break. There is still the opportunity to join this group. Please email rachel.crane@oags.nsw.edu if your year 7 or 8 child is interested in joining.

Wigs for Kids fundraiser - Hallie Ellice (Year 7)

On Wednesday 23rd February Year 7 student Hallie Ellice dedicated her birthday to the Kids for Cancer Foundation by cutting her hair off in front of her schoolmates to donate to 'Wigs for Kids'. Over 30cm of hair will now make its way to a special wigmaker who will create something special for a child in need following cancer treatment. With the support of the OAGS Community Hallie also raised close to \$1000 to be donated along with her locks. Thank you to Meagan Fitzgerald for donating your time and expertise to lop off Hallie's hair.

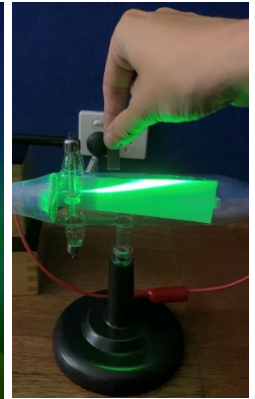

Congratulations Hallie, and thank you to those who donated. The fundraising page is still open for those who wish to donate to the [Kids with Cancer Foundation](#).

STEM at OAGS

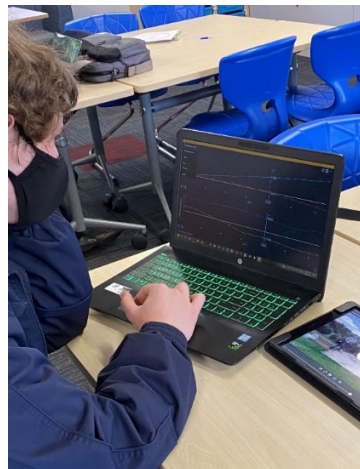

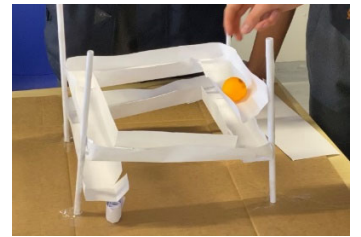

Science

Our year 12 physics class has started the year off studying electromagnetism. Students are investigating the behaviour of electric charges in magnetic fields. Using a Rumkoff induction coil connected to a cathode ray tube, they generated 15,000V to create a moving beam of electrons. With powerful rare earth magnets students could see how the beam of electrons was influenced by a magnetic field. This mechanism of accelerating electrons using high voltages is used in the medical industry to produce X-rays and in radiation for cancer treatment. Year 12 have enjoyed the practical aspects of radiography that this unit of study has provided.

Engineering

Secondary students have been developing their entries for the Fluor Engineering Challenge. This is a global competition where students upload a video of their engineering creations. This year's challenge is to build a ball run that will slow a ping pong ball down the most when dropped from a height of 25cm, only using paper and tape. Students are experimenting with varying angles of inclination of ramps, dissipating momentum through obstacles, using static friction and increasing the distance the ball travels with funnels in order to maximise their score. I congratulate students for their hard work in this challenge and their growing understanding of physics and problem solving skills that come from their participation.

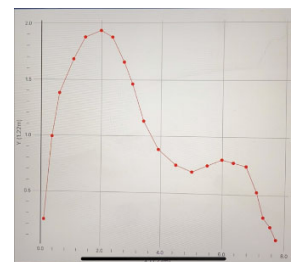

Maths

Year 12 maths students are studying the mathematics of long jump for their Vectors in Motion unit. Students are using digital technology to film the mechanics of their jump and deriving their individual equations of motion using integration and calculus. Students are then applying their understanding of projectile motion and acceleration due to gravity to determine how far they could jump on another planet in the solar system.

Keegan, one of our year 10 students volunteered his athletic ability for analysis. The students calculated that if Keegan was to long jump on the planet Pluto, he could jump 26.85m, tripling the current world record.

Hayley Smith
Science and Mathematics Teacher

School Student Travel Term 1 2022

School student travel information for parents and students

School Travel Passes

Students who need a School Opal card or travel pass but have not yet applied need to [apply](#) or [update](#) their details as soon as possible.

In the Opal network, students should travel with a Child/Youth Opal card until they receive their valid School Opal card. If outside Greater Sydney, parents should contact their [local bus operator](#) to discuss their travel needs.

New Student Opal cards (including new Term Bus Passes) will be sent to the student's nominated postal address within two weeks of their application being approved.

Students living in rural and regional (R&R) areas will receive their travel pass from their nominated transport operator. It may be issued via their school or be sent directly to them at home. **Note:** some R&R operators do not issue travel passes. Students/parents should confirm with their nominated operator if they do not receive a pass.

Terms of Use

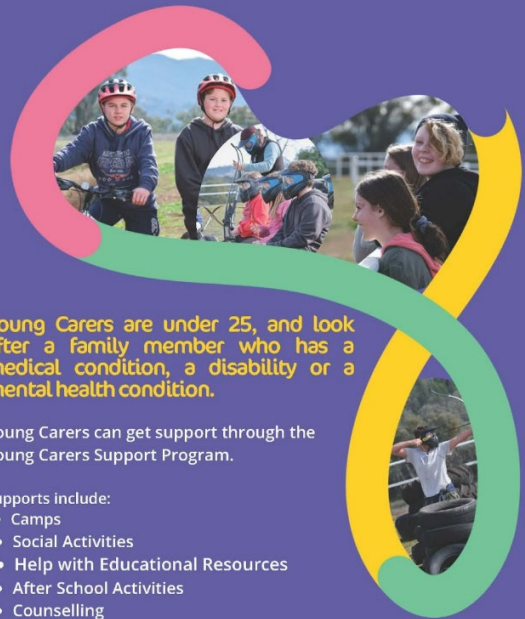

Students using Opal cards must **tap on and tap off** in line with the [Opal terms of use](#).

All students are required to comply with the [Student code of conduct](#). The code of conduct aims to ensure the safety and well-being of school children and other passengers. It is important that parents ensure their child is aware of this, as failure to comply with the code of conduct can result in a suspension from travel.

Further information can be found at transportsw.info/school-travel
Enquiries can be submitted at transportsw.info/passes-concessions-feedback

Do you know a Young Carer?

Young Carers are under 25, and look after a family member who has a medical condition, a disability or a mental health condition.

Young Carers can get support through the Young Carers Support Program.

Supports include:

- Camps
- Social Activities
- Help with Educational Resources
- After School Activities
- Counselling

The Young Carer Program is FREE to access.

If you are a young carer yourself, or you know a young carer, call 1800 422 737 for further information or to register.

FOODCARE

FOOD RELIEF. FOOD RESCUE.

OPENING HOURS

Tuesday, Wednesday and Thursday 10.30 to 1.00pm.
And Thursday 4.30 to 6.00pm.

LOCATION

142 March St, in the green shed.

FREE TRANSPORT

Free door to door transport is available Tuesday and Thursday mornings only. Please call 0467 229 673 by 4pm the day before to book your seat.

AT THE SHOP

FoodCare provides a range of fresh and frozen foods and household items. Some items are free, others are at a discounted rate. FoodCare aims to assist those who are experiencing financial hardship and help their budget go further.

WAR ON WASTE

FoodCare is all about fighting waste in Orange.

We provide a 'food rescue' service and accept in-date donations of food and household items from producers, farmers, food service retailers, local gardeners, farmers markets, household pantries and community events.

VOLUNTEERING

FoodCare operates due to the commitment of a group of fantastic volunteers.

If you would like to give back to the community and help this great community service visit the website or call 0447 577 884.

Ten4Ten is Back!

- Ten mentors
- Ten Year 11 Students
- Applications Close 9 March

A unique, informative and inspirational mentoring experience.

Calling all Year 11 Students!

Students of Orange, Blayney and Cabonne, RDA Central West welcomes you to tell us in 300 words or less, what you wish to gain from the program, your future ambitions and why you think leadership in regional communities is important. Ten successful applicants will then be paired up with ten inspiring mentors and have the opportunity to participate in a range of activities including a networking dinner and visits to both state and federal parliament. We wish all applicants the best of luck, and remember - **you've got to be in it to win it.**
